We Won't Be Stopped: Refugees in the Media

Thursday, 6 December 2018, 18:30

Übungsraum (ÜR)
Institut für Kultur- und Sozialanthropologie

Universitätsstraße 7 (NIG), 4th floor, 1010 Wien

Refugees, migration and asylum are words that fill newspaper headlines across the globe. In a world of globalization, the restricted mobility of certain populations is an issue often framed by the media as a threat to the nation. My research analyses the way refugees have been represented in the media, and the cultural and political influences that characterize the topic. I will give a short overview of refugee history in Australia before comparing media representation in Australia and Austria.
