ENMOTE Lectures

SUMMERSEMESTER 2019

Department of Social and Cultural Anthropology, NIG, Universitätsstraße 7, 1010 Vienna, 4th Floor

EnMoTe stands for “Environments, Mobilities, Technologies”, which delineates a field of anthropological inquiry focusing on human-environmental relations, including built environments and infrastructures, as well as on the flows and movements of human and non-human beings, things, and ideas.

While our team consists primarily of social and cultural anthropologists, EnMoTe acknowledges the potential of collaborating with scholars from other social science disciplines, the humanities, arts and natural sciences.
